

THE CITY OF BIDDEFORD, MAINE
TECHNOLOGIES DEPARTMENT – WEBSITE ADMINISTRATION

MEMORANDUM

From: The City of Biddeford Technologies Department
Date: December 29, 2016
Re: Official City of Biddeford sites.

There have been several attempts recently to create social media pages and websites using the City of Biddeford's official seal and name. While these sites may look official, please be aware that the City limits its internet and social media presence. In order for the public to confirm official City of Biddeford sites, the City has published a list of official web and social media sites to the Biddefordmaine.org website. This list allow the public to verify sites as official; if it isn't on the list it isn't an official City site. The list of official sites are listed below:

It is important that the public have confidence in the information available on the web and through social media as it relates to official City business. Unfortunately, the continued efforts by one or more individuals to mislead the public, require staff and executives to expend time and effort responding to fake and misleading information.

You can help by reporting suspect social media pages and websites. Complete the online reporting form below or call 207-571-0660 to report a questionable site.
