Dear Ken and Susan,

I have no issues with your attending our meeting tomorrow as representatives of a City Commission – the Conservation Commission. This is not a Public Meeting, however, and is a meeting between City Staff, the University of New England, and Pat Boston (representing the Hills Beach Association). The meeting is for clarification purposes only.

The meeting is at 1:00 in the 2nd Floor Conference Room in City Hall.

Respectfully,

Greg

Greg and Roby,

Roby first proposed this meeting. You can see that Alan mentioned the meeting in his email at the beginning of this thread. At this point, Ken and Susan are asking to attend.

Greg, please find attached a correspondence regarding the comments received by UNE in regards to the proposed SOZ amendment UNE is seeking.

Additionally attached are the documents you provided, specifically being the proposed revised zoning map and the zoning ordinance.

I have copied Pat Boston and Mike Swanton, and welcome them to share this information with their constituents. I have received a few emails directly and will share this information with those folks as well. The informational sign was updated with the February 7, 2018 meeting date, and I see that we are on the agenda, twice. Once for the zoning amendment and again for the recently submitted athletic field site plan application. Pat and Mike, I will send the athletic field site plan information in a separate

communication. If either of you would like to review this submission in detail, I would be happy to meet with you to discuss it.

Pat and Greg, I look forward to seeing you next Tuesday to discuss the zoning issues. Mike, if you have any additional questions or comments, please feel free to share them.

Thanks
