Sunday, April 22nd was Earth Day, an annual worldwide event, celebrated to support environmental protection both locally and globally. April 22nd is the official day, however you can make any-day earth day! Here are a few ideas of things you can do to celebrate the earth:

- Plant a tree or a group of trees to beautify your neighborhood, provide shelter and food for birds, and prevent soil erosion.
- End Plastic Pollution by gathering recyclable material (with family, friends or neighbors) and disposing properly.
- Clean up garbage at a local park, beach, or other public areas.
- Build a compost bin to create eco-friendly fertilizer and help start small home-gardens. Find out more about composting by [clicking here](#).

Any type of pro-Earth action counts just by doing something to give back to the planet that is our home, no matter how small or simple.

Check out the Heart of Biddeford's website: <http://heartofbiddeford.org/> for more information on community events.

City of Biddeford, Maine
Public Works Department
371 Hill Street Biddeford, Maine 04005
