Dispatched to alarm sound on the third floor at location.

E26 and T32 responded from central.

On arrival, nothing showing from a 4 story multi-unit residential. D7 establishing command investigating. Also, no alarm noted on arrival.

Tenant's from the third floor apartment met FD outside. Stated that the alarm had sounded, then stopped almost immediately. No condition in the apartment warranted an alarm. Stayed in the apartment with the tenant long enough to verify that it was or wasn't a low batt.

Search of the rest of the building unfounded. Alarm malfunction.

Crews in-service.
