Good Morning Councilor,

The Board's recommendation to the City Council was based on a Condition of Approval (see Notice of Decision in your packets) which, if the City Council approves the Contract Zone Amendment, would require the applicant to return to the Planning Board for a more detailed review (and approval) of the design of the solar arrays, which could include a discussion of fencing at that time.

Please let me know if you have any further questions.

Greg

Just wondering what came of the discussion about fencing? I know some of the neighbors had brought this up.

Thanks

Mike
