Received a call for a water problem at the above address. Upon arrival found a two story building multi family with nothing showing from the outside. We proceeded to room 213 and found the apartment with towels on the floor and carpets wet in the apartment. Apartment on the first floor were compromised as well. I called for dispatch to notify management to respond to the scene. FF Ouellette canceled the power in the storage area in the basement because lighting was compromised as well. Rick Fitzgerald was on scene from Avesta Housing and took over the scene. I walked him through all we had vacuumed and left the scene shortly after. Damage was minor. 07/01/2017 2141
